## **HYDRANGEA TREE STOLEN IN JORDAN'S POINT PARK**

### **From the City Arborist:**

On behalf of the Public Works Department it saddens me to announce that one of the City's flourishing grant trees has been stolen sometime between the afternoon of Friday, August 19<sup>th</sup> & Thursday, August 25<sup>th</sup>. This specimen was located between the boat launch and the soccer field to the right of the foot path. There is now a fluorescent green mark where this plant has been establishing for several years now. Such a selfish act will not be tolerated. The city asks that anyone with information concerning this tree's disappearance please come forward. We are encouraging people with knowledge to call the Public Works Department at 463-3154. All city staff members are on alert and are keeping a sharp eye out for the tree. If anyone has interest in obtaining a plant that the city has installed for their own property contact the City Arborist (at the Public Works Department), as all trees and shrubs have been locally sourced. ~ J. Hughes, Arborist

The person(s)  
responsible for this  
selfish act have  
compromised a  
Federally Regulated  
Grant Agreement,  
Volunteer Efforts, and  
made off with Tax  
Revenue with the theft  
of this tree. It is a  
disrespect to the city, its  
employees, all of its  
residents, and visitors.
